The cost per occupied Bed for the year amounts to £111 17 10 as compared with

£	s.	d.		
137	10	0	in	1927
113	1	11	in	1926
114	0	5	in	1925
116	12	7	in	1924

The number of Letters of Recommendation issued amounted to 688, of these 592 have been used.

While the General Account this year shows an increase of £213 17s. 1d. in the amount of total receipts for the previous year, the amount received from voluntary contributions show but a very slight increase, and the Collections show a decrease, and the Committee again appeal to all supporters of the Institution to make every effort possible to increase during the coming year the amount of Collections and Voluntary Contributions.

It is noted with satisfaction that notwithstanding the number of Patients treated this year is greater and the average stay of each Patient in the Hospital is longer than last year, the amount of the deficit, namely, £381 19s. 9d., is less than the amount of the deficit shown in the General Account last year. This amount is still very large, and it is only by a satisfactory response to the appeal now made that a serious adverse balance in the Accounts for the coming year can be avoided.

In accordance with the recommendation contained in the General Report of last year that steps should be taken to carry out a scheme to provide improved accommodation for the Nursing Staff and living accommodation at the Institution for a Porter and his Wife, consideration was given to this matter, and it was decided to proceed with the building of the accommodation required. Plans for this purpose, prepared by Messrs. Rogers & Shrimpton, Architects, Knighton, were considered by a Special Building Committee, and Tenders for carrying out the work were received by that Committee, and upon their recommendation the Plans were approved and the Tender of Mr. J. L. Griffiths for carrying out the work was accepted. The building, commenced in June last, is now approaching completion, and provides on the ground floor, Sitting Room, Kitchen, Scullery, 2 Bedrooms, Bathroom, etc., for the accommodation of the Porter and his family, and on the first floor 6 comfortable Bedrooms, Bathroom, etc., for the Nursing Staff. There will be telephone communication between the Wards and the Porter's quarters, so that the Porter may be summoned at any time during the night in case of an emergency requiring his assistance. The additional

bedrooms on the first floor of the new building will, with the other bedrooms in the Institution, provide a separate and comfortable bedroom for each member of the Nursing Staff. The new elevation harmonises well with the Hospital Building and has a pleasant effect. The total cost of the new building will be approximately £3,000, which is being met by income accumulated in past years.

The Committee have had under consideration the installation of an X-Ray Apparatus of the latest type asked for by the Medical Staff. It is recognised that the equipment of a modern Hospital cannot be considered complete without an X-Ray Installation, which the Committee have decided to procure. The cost of this will amount to about £500, to meet which it has been decided to start a special fund, and the Committee appeal for contributions to the X-Ray Fund, which may be sent to the Secretary.

The Committee record with deep regret the death of The Hon. Gertrude Walsh, formerly of Guidfa, Penybont, for many years a member of the General Committee and the House Committee of this Institution; and the death of the Rev. Albert Jordan, D.D., of Llanbadarn Fawr Rectory, a member of the General Committee of the Institution.

Under the Will of the late Mr. Henry Charles Thomas, of Fronheulog, Llandrindod Wells, the Hospital has received a legacy of £100.

The Llandrindod Wells Hospital Ball and the Llandrindod Wells Street Collections, etc., in aid of the Hospital, have again realised substantial sums, and the Committee desire to express their deep gratitude and thanks to the organisers of these functions for the substantial sum received as a result of their efforts.

The Report of the House Committee has been received and approved, and the thanks of the Committee are due to the Members of the House Committee and the Secretary for their constant attention to the working of the Hospital, and the Committee desire to give expression to their warm appreciation of the work of the Medical and Hospital Staffs.

The Committee wish to convey their thanks to the Subscribers and Donors, to the Clergy and Ministers who have made their Collections in Places of Worship, and to the Pump House Hotel Company, and to the Llandrindod Wells Urban District Council for their gratuitous supply of Mineral Waters for many years, and to all who by Collections, Concerts, etc., and through Boxes at their Houses, have benefited the Hospital.

# MEDICAL REPORT.

---

Havod Awen,

Norton Terrace,

Llandrindod Wells.

*December 21st, 1928.*

To the Chairman and Members of the Committee, Llandrindod  
Wells Hospital and County War Memorial.

Ladies and Gentlemen,

We beg to present the Annual Report on the work done in the  
Hospital during the year ending 30th November, 1928.

The total number of cases admitted was 423, an increase of 63  
as compared with the previous year. Of these 233 were Medical  
Cases, 183 Surgical and 7 Maternity. There is a decrease of 20 in the  
Medical, and an increase of 63 in the Surgical. This is partly  
accounted for by the number of cases of operation for Tonsils and  
Adenoids, sent by the Education Committee on the advice of the  
School Medical Officer, and the remainder are chiefly the major  
operations of Surgery.

Under the County scheme of assisting necessitous and compli-  
cated cases of Maternity, seven were admitted. There were no  
maternal deaths but two children were stillborn owing to the  
circumstances which necessitated urgent Hospital treatment.

There have been 21 Private Cases in the Private Wards, the  
average stay being 21.9 days and the total being 65 weeks and 3 days.  
Here is increasing evidence of the usefulness of these Wards.

The Dental Officer has not furnished any report, but as  
occasion has arisen his skilful services have been much appreciated.

The Medical Staff wishes to express its grateful thanks to the  
Nursing Staff for their constant careful and devoted co-operation in  
all that pertains to the well being of the Patients.

Yours faithfully,

JOHN MURRAY.

A. MILLER KERR.
